

PARTNERSHIP INVESTMENTS

The MATES programme is an integrated model of universal, selective, indicated suicide prevention and mental health interventions as well as supporting treatment and continued care for individuals in a workplace setting. We create workplace communities through a multi-model programme which increases site capability, as mates look out for mates and encourages questioning of established stigma. The programme is FREE to everyone on site, giving access to the whole workforce. To offer this free service to the workplace community, we need the support of industry. Options to partner with MATES NZ are outlined below, together with the benefits.

ASSOCIATE PARTNER

\$5,000–\$9,999 per annum

INVESTMENT INCLUDES:

- Your partner logo and status level will be included at all training sessions
- Your logo promoted via website and electronic communications, including a statement outlining your support for MATES in Construction NZ and links to your own website
- Opportunity to invite MATES to speak at company conferences. (subject to availability)
- Use of MATES in Construction Partners logo on your promotional material to demonstrate your commitment to suicide prevention in the construction industry
- A MATES in Construction plaque to be displayed in your workplace
- The opportunity to take part in “Fly the Flag Day” to show your support to MATES and suicide prevention in the industry
- Invites to MATES in Construction national and regional events
- Access to MATES collateral for your workplace

PARTNER

\$10,000–\$29,999 per annum

INVESTMENT INCLUDES:

- Partners receive all the benefits of Associate Partners but in addition receive the ability to engage and train your people at a corporate office level. This will empower them to watch out for their mates through the Mates Programme.
- The opportunity for the Industry Partner’s management and staff teams to participate in at least **one** GAT session per year, conducted at their premises by a member of the MATES in Construction Management/Field Officer team. Connector training provided to those that self-elect.
- ASIST training - facilitation at an additional cost

PREMIUM PARTNER

\$30,000+ per annum

INVESTMENT INCLUDES:

- Partners receive all the benefits of Associate Partners but in addition receive the ability to engage and train your people at a corporate office level. This will empower them to watch out for their mates through the Mates Programme.
- The opportunity for the Industry Partner’s management and staff teams to participate in at least **three** GAT sessions per year, conducted at their premises by a member of the MATES in Construction Management/Field Officer team. Connector training provided to those that self-elect.
- ASIST training - facilitation at an additional cost

FOUNDATION PARTNER

\$100,000+ per annum

INVESTMENT INCLUDES:

- Partners receive all the benefits of Associate Partners but in addition receive the ability to engage and train your people at a corporate office level and across your projects. This will empower your community to watch out for their mates through the Mates Programme.
- The opportunity for the Industry Partner’s management and staff teams to participate in at least **four** GAT sessions per year, conducted at their premises by a member of the MATES in Construction Management/Field Officer team. Connector training provided to those that self-elect.
- ASIST training - facilitation at an additional cost
- The ability to engage a Field Officer as a Relationship Manager to offer a tailored approach to deliver MATES across your business or a specified project.
