

# IDEAS FOR YOUR MENTAL HEALTH TOOLBOX

---

- Talk about Mental Wellness which follows naturally from your Health and Safety Talk
- Be yourself (you know your crew)
- Keep the conversation light (if you're a funny person, be funny, this breaks the ice)
- Talk about the importance of Health & Safety and Mental Wellness going hand in hand (give examples what this may look like). For example, if someone is struggling to concentrate because of things going on in their life, they could be going onto worksite mentally impaired putting both them and their workmates at risk
- Use the "How to spot the invitations" poster to help you talk about behavioural changes that we might see or hear
- Highlight the fact that it's ok not to be ok, everyone struggles during COVID but we need to talk to someone
- Utilize your ASIST/Connectors to help with delivery and identify them to the crew, if you're not comfortable talking with any of these people, talk with someone you trust
- Promote the collateral available
- Big emphasis on supporting one another, keeping an eye out for each other (Mates helping Mates)
- **YOU ARE NOT ALONE!**

# MATES Mental Health TOOLBOX

---

INDUSTRY-BACKED, RESEARCH-BASED, SUICIDE PREVENTION AND SUPPORT FOR THE CONSTRUCTION INDUSTRY SINCE 2008

# MATES IN CONSTRUCTION

---

- Originated in Australia in 2008
- Established here in 2019 at the invitation of the New Zealand construction industry
- Here to address the number of workers we lose to suicide every year
- We are a New Zealand charitable organisation
- The programme builds on the strength of the industry
- MATES helping mates - Stronger Together

2019

**“EHARA TAKU TOA  
I TE TOA TAKITAHİ  
ENGARI I TE TOA  
TAKITINI”**

**WORKING  
TOGETHER WE ARE  
STRONGER**

# WHY ARE WE HERE?

---

Construction workers are at

**more than TWICE  
the risk of dying  
by suicide**

compared to the rest of the workforce

---

Our highest risk age groups are

**20-24 year olds and  
45-49 year olds**

---

**Maori Men**

are significantly overrepresented  
in these statistics

---

Our highest risk occupations are our

**labourers and  
our tradies.**

---

**Approximately ONE** person

dies **every week** to suicide in our  
industry, that's 52 lives a year, which is the equivalent  
of 10 per cent of Aotearoa's total suicide rate

---

# MENTAL HEALTH TIPS TO USE ON SITE

---

## BE CLEAR HOENST AND DIRECT

Reassure your team with clear, direct and supportive communications. Some may feel vulnerable about being back at work. Ensure clear communication, providing clear boundaries, and directives will make the environment easier to engage in and will help create a sense of security.

---

## ENCOURAGE YOUR WORKERS

The morning Toolbox Talks are a great way to encourage your workers, brighten the mood, and increase positivity.

---

## CHECK IN ON YOUR WORKERS

Make the time to check in with workers during the day. Once the COVID-19 Alert Levels change for industry the expectation is that all employees will need to work according to Health and Safety guidelines. This could create isolation and a long day for the workers onsite. Where possible make it part of business that someone from the team goes around and touches base with everyone to see how they are travelling.

# MENTAL HEALTH TIPS TO USE ON SITE

---

## BE AVAILABLE

Advise your workers that if for any reason they are struggling they can come to the site office (or a point of contact) any time. Proactively support workers who identify as being at risk of workplace psychological injury. Refer workers to appropriate channels of support for workplace mental health and wellbeing, such as Employee Assistance Programmes. Call MATES in Construction to speak to someone immediately on 0800 111 315.

---

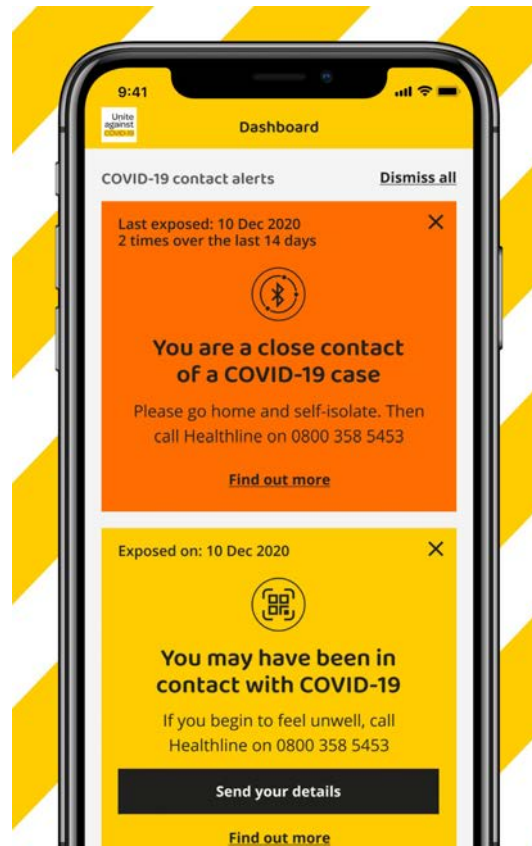

## SELF CARE

When supporting others, we need to look after ourselves too. If you have helped someone today, you need to make time for yourself too by doing something that you know is good for you, even if you don't feel like it. Go for a walk, phone MATES for a debrief session, spend time with loved ones or friends – these are great strategies which support your own wellbeing. Contact MATES in Construction for a debrief session on 0800 111 315.

# HOW DO I REACT WHEN I'M SCARED, FRIGHTENED OR WORRIED?

 NZ COVID TRACER 15m ago  
The app has identified that you have been in close contact with someone who has tested positive for COVID-19.

You might feel angry

You could shut down

You might panic

# HOW DO WE MANAGE THESE FEELINGS?

---

Stop what we  
are doing

Find something to look at, maybe  
your feet, the ground or hold  
something to help you focus  
whilst breathing

Take deep  
breaths

Seek some support, talk to a  
mate, a Connector, a manager  
or ring **MATES 0800 111 315**

## Things you could say:

- Can I talk to you?
- I don't feel so good right now
- I need your help

# KNOWING HOW TO SPOT THE INVITATIONS

Changes in behavior that you or a mate might be displaying. These are not one-off incidents, but rather happening more often than usual.

**IT'S OKAY NOT TO BE OKAY, BUT IT'S NOT OKAY TO DO NOTHING ABOUT IT.**

Sometimes what might be happening for us might require more help. Talk to a mate, or call us at MATES in Construction on 0800 111 315. We are available 24/7 for free confidential service.

usually easy going

**angry and agitated easily**

usually talkative

**isolating oneself**

"not wanting to talk to people"

usually sociable

**being distant**

"not responding to messages"

**finding it hard to cope with everyday things**

**struggling to concentrate  
struggling to finish tasks**

**using alcohol or drugs as a way of coping**

**coming to work late**

**not making it to work at all**

# 5 STEPS TO DE-STRESS

---

If you find that you are feeling stressed and anxious, here are 5 simple steps to help you manage.

1

## DE-STRESS

Go through the steps below to help you de-stress. This will give you the time and skills to manage your feelings and emotions more easily.

2

## STEP BACK

Stop what you are doing, remove yourself from the situation immediately. This is for your own health and safety and the safety of others working around you.

3

## TAKE A BREATH

Take 10 seconds for yourself. Take a breath and breathe out slowly a few times this will help slow your heart rate and calm your busy mind.

# 5 STEPS TO DE-STRESS

---

If you find that you are feeling stressed and anxious, here are 5 simple steps to help you manage.

4

## RE-FOCUS

Focus on the here and now and clear your mind of the stressors you are feeling. Focusing is one of the best ways to alleviate stress by paying attention to what is going on now. This will help to calm your busy mind.

5

## ENGAGE

Now that you have had a few minutes to re-centre, what do you need to engage with from here?

- You might be OK. Heading back to work right now is OK for you.
- You might just need to chat to someone, talk to a MATE, your boss or a friend or family member.
- You might be struggling more than both of those options. If so, we recommend that you advise someone onsite and engage with more professional supports such as MATES in Construction on 0800 111 315.

# HOW TO START A CONVERSATION

You don't have to have all the answers – just being there and being supportive is great!

## 1 ENCOURAGE HELP SEEKING

Help your mate to talk about what they are struggling with and reassure them that you are there to listen and provide support with what they're going through.

"How are you doing?"

"What's happening in your world?"

"How's life?"

"How's the family?"

Next, if they're okay talking, then mention specific things that have made you concerned, such as:

"You don't seem yourself-anything up?"

Let them know you are asking because you are concerned about them. If they get upset or angry, stay calm, don't take it personally.

Ask questions about what is going on like:

"Have you spoken to anyone else about this?"

"what would help you manage the load?"

"What can we change to make life easier?"

Don't interrupt or rush them, just wait and sit patiently in silence while they think. Take it seriously.

**What comes next?**

## 2 ENCOURAGE YOUR MATE TO SEEK HELP FOR WHAT THEY ARE STRUGGLING WITH

Remind your mate, there is always someone to listen and support them. They are not alone.

If you are supporting someone in the workplace, suggest they seek further support and perhaps talk to one of the following:

MATES in Construction – we are here 24/7 to support you and your mate. Maybe they could talk to the H&S Manager or someone they trust on site. You might have an Employee Assistance Programme, alternatively their GP, family, whanau, friends, community and church leaders could provide help.

"How can I help?"

"What would be a good first step?"

"What has helped before?"

# MATES SELF- CARE GUIDE

---

## BE KIND TO YOURSELF

Have reasonable expectations of yourself. If you feel like you are struggling remember that we have been dealing with unusual and unique times. This has caused stress and anxiety in the community which can affect your mental health and wellbeing. Be aware of the strain you may have been under and don't beat yourself up if you are not firing on all cylinders.

---

## TAKE TIME FOR SELF-CARE

In times of increased stress, self-care must increase to counter the negative effects on your mental wellbeing. Ensure that you make time and create opportunities to do healthy things that make you feel good. This may be outdoor activities, hobbies, sports or spending quality time with friends or family

# MATES SELF- CARE GUIDE

---

## EAT, DRINK AND SLEEP HEALTHILY

A healthy diet, good hydration and sleep are fundamental for positive mental health and wellbeing. Look after your physical health and good mental health will follow.

---

## REMOVE NEGATIVE INFLUENCES IN YOUR LIFE

Negative people and harmful activities can bring us down and affect our mental wellbeing. Surround yourself with happy and positive people who are positive and supportive. Avoid doing activities which you know to be harmful to your wellbeing.

---

## DEVELOP YOUR KEY RELATIONSHIPS

Take time to develop the most important connections you have with people. Create time for your relationships. Be kind and share how much you appreciate those valued relationships. These special human connections will then thrive, bringing you joy.

# TE WHARE TAPA WHĀ – THE FOUR DIMENSIONS OF WELLBEING

When our buckets are in balance, we thrive. When one or more of these is running low our wellbeing is impacted.

## TAHA TINANA - Physical Wellbeing

Taha Tinana is your physical wellbeing. How we grow, feel and move and how we nourish and care for it.

Physical wellbeing helps you cope with life's ups and downs and helps us feel mentally well

## TAHA WAIRUA - Spiritual Health

Taha wairua is about your connection with the environment, people and heritage in the past, present and future. We can all view wairua differently.

For some wairua is the capacity for faith or religious beliefs or having a belief in a higher power.

# TE WHARE TAPA WHĀ – THE FOUR DIMENSIONS OF WELLBEING

---

When our buckets are in balance, we thrive. When one or more of these is running low our wellbeing is impacted.

## TAHA WHĀNAU – Family Health

Taha whānau is about who make you feel you belong, who you care about and who you share your life with.

Whānau is about extended relationships – not just immediate relatives. It's your friends, community and people you care about. Whānau provides strength to be who we are.

## TAHA HINENGARO - Mental and Emotional Health

Hinengaro represents your mind your thoughts, feelings and emotions.

Hinengaro is about how you feel as well as how you communicate and think. How do we see ourselves, our interaction with our identity and the perception.
